

I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides a variety and quality that are not available elsewhere. I am paying for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and allow XM the ability to provide the kind of programming that we want and deserve.
Thank you,
